

MSBCoach January 2009 News

What's Next?

Out with the old and in with the new.... At least that is the case with the New Year. Whether we like it or not here we are. It is said, "one thing we all have equal amounts of is time".

At MSBCoach we want to use our time wisely. We want to meet the needs of our current and future clients. In thinking through what are the needs, we could surmise many things from our experiences in 2008:

- job transition
- change management
- budgeting issues
- downsizing
- personal financial loss
- lack of fulfillment
- less team members
- emotional ups and downs

Although many are no stranger to one or more of these events, we want to hear from you. I hope you will talk a few moments to respond to us and help us better meet the needs of entrepreneurs, executives, managers and team members. No matter where you fall in this list, your input is valuable:

1. What oppositions did you face in 2008?
2. What was worthwhile to you in 2008?
3. What did you learn?
4. Where could you have used some additional support?
5. How can you make things different in 2009?

Please send your answers to info@msbcoach.com. We would also like to hear any comments or suggestions you have.

As you go into 2009 remember this quote:

"The best way to predict the future is to invent it." – Alan Kay
